## LEGISLATURE SPEEDILY ORGANIZED FOR BUSINESS

**F. M. Hudson President of Senate, I. L. Farris Speaker of House—The Governor's Message.**

TALLAHASSEE, April 6.—After a day of hard work on both sides Frederick M. Hudson of the Thirteenth district was elected President of the Florida Senate over Joseph H. Humphries of the Twenty-seventh Monday night by a vote of 20 to 11.

Senator Baker of the Twentieth was made President pro tem by acclamation and Charles A. Finley of Lake City secretary without opposition.

The ballot for Presidency of the Senate as hard-fought all day and in the afternoon it as known that Hudson had won.

Sixteen men attended a secret caucus of his forces at the Leon in the afternoon and a seventeenth had been present at an earlier caucus.

Former Governor Napoleon B. Broward declined to attend the caucuses, but put forth every effort for his friend, Senator Hudson.

The Senate chamber was crowded when Charles A. Finley of Lake City, former secretary, called the caucus together shortly after 8 o'clock. All answered to the roll call except Cook of the Twenty-fifth.

The caucus organized by the election of William W. Flournoy of De Funiak Springs as chairman.

The nomination was made by Cone of the Fourteenth and the Senator was escorted to the chair by Senators Cone, Massey and McCreary, amid applause.

Charles A. Finley of Lake City and J. O. Culpepper of Taylor county were elected secretary and assistant secretary of the caucus, respectively.

Frederick M. Hudson of the Thirteenth was placed in nomination by Senator F. C. Massey of the Nineteenth, and Senator J. A. Williams of the Twenty-first seconded the nomination.

Joseph H. Humphries of the Twenty-seventh was placed in nomination by W. Hunt Harris of the Twenty-fourth, and the second was made by H. H. Buckman of Duval.

John W. Henderson of Tallahassee, A. Z. Adkins of Starke, and J. H. H. Milligan were made tellers.

The ballot resulted in a vote of 20 to 11 for Hudson.

Officers and attaches were then elected as follows: President pro tem, Senator D. H. Baker of Orange, Howe nominated by Don McMullen of Tampa. Secretary, Charles A. Finley of Lake City.

tary, A. C. Sellars; Bill Secretary, C. O. Andrews; Recording Secretary, Mrs. L. B. Young; Reading Secretary, Nat Marion; Assistant Reading Secretary, C. P. Smith; Engraving Secretary, R. A. Smith; Enrolling Secretary, Charles Sams; Sergeant-at-arms, F. C. Williamson; Messenger, Elmer McCreary of Gainesville; Chaplain, Rev. Samuel Morand; Doorkeeper, T. A. Morgan; Janitor, Arthur Kersall; Pages, Jeff Davis Beard, John Gambrell, Elmore Collins.

### The House.

TALLAHASSEE, April 6.—The House caucus was called to order Monday evening at 8:05 o'clock by Chief Clerk Kellum. After stating the purpose of the caucus, the chief clerk called the roll, to which all members answered present. The chamber was filled with spectators eager to witness the proceedings.

The chief clerk announced that the next business would be the election of temporary chairman of the meeting, and that nominations were in order.

Miller of Lake nominated Hilburn of Palatka.

Neally of Leon nominated Malone of Monroe.

Wells of Leon moved that the election of chairman be by ballot.

MacWilliams moved that three tellers be appointed for the election.

The chief clerk named MacWilliams of St. Johns, Carn of Marion and Cox of Polk as tellers.

Ballots were prepared and the election proceeded, resulting in Hilburn's election by a vote of 37 to 32. His election was then made unanimous.

Newton of Orange, Stokes of Escambia and Neally of Leon then escorted the chairman to his seat. The chairman upon taking his seat expressed his appreciation of the honor in a most happy manner.

The chair then heard nominations for secretary of the meeting.

Representative Thornton of Volusia misunderstood the chairman's remarks, and proceeded to nominate James E. Alexander of Volusia for Speaker.

Halfway through the nominating speech he was corrected, but by that time everyone had appreciated the error and the Speaker joined in the hearty laughter that ensued.

MacWilliams moved that temporary

organization be made permanent; carried.

The temporary chairman announced that nominations for Speaker of the House were in order. Motion by Neally of Leon that vote for Speaker be made by call of counties was lost by a vote of 42 to 24, objection being that such a method may cause confusion.

Thornton of Volusia then finished his speech nominating Alexander of Volusia for Speaker.

Calkins of Nassau nominated Farris of Duval. Cool, calm and deliberate, his nominating speech proved a most eloquent and forcible effort. To him is possibly due more credit for the nomination of Farris than anyone else. He fought valiantly for Farris from the outset.

Stokes of Escambia seconded Farris' nomination.

Davis of Madison placed in nomination Roberson of Suwannee. There being no other nominations, Messrs. Carter and MacWilliams having previously withdrawn from the race, the chair announced that the caucus would proceed with the balloting for nomination of Speaker.

The vote resulted as follows: Farris, 39 votes; Alexander, 13 and Roberson, 16.

The applause which followed the announcement of the winner was unstinted.

Upon motion of Wells of Leon the nomination was made unanimous.

J. G. Kellum was unanimously nominated for chief clerk.

Charles Q. Rivers of Columbia was defeated by J. C. Maires for nomination of assistant chief clerk.

George B. Dickinson of Orange was nominated for bill clerk.

Nat R. Walker received the nomination for reading clerk by acclamation.

Morris Michelson won over W. B. James, for assistant reading clerk.

Other nominations follow: R. A. Gray, recording clerk; Victor Lewellin, messenger; George E. Hawkins, sergeant-at-arms; J. W. Allen, doorkeeper; Rev. J. R. Taylor, chaplain.

### THE GOVERNOR'S MESSAGE.

TALLAHASSEE, April 6.—The message of Gov. Albert W. Gilchrist to the Legislature was sent to both houses today. It is a lengthy document and covers many important matters. It shows the condition of the State to be good as to population, health, and general progress.

#### Recommendations.

It is recommended that the pure food law be amended so that the sheriff, deputy or any constable shall have authority to draw samples and send such samples, at the expense of the State, to the State Chemist. This would be especially beneficial in determining promptly the difference between "soft" drinks and intoxicating drinks.

That the Railroad Commission laws should be strengthened as needed, and that there is no reason why telegraph companies should not be placed under the operation of the commission.

That a thorough revision of the license taxes be made.

That the license of the express companies be like that of insurance companies, such a per cent on their gross earnings.

That the expense connected with a primary elections be lowered.

That the criminal laws should be more uniformly applied throughout the State, and that the parole system, similar to that used in other States as regards convicts, might prove beneficial in Florida.

That the drainage tax be reduced to 3 cents per acre if thought advisable, and that a graduated inheritance tax be advisable.

That the shortage in the pension fund can only be met by cutting down pensions, but should not apply to those who are needy and infirm.

That each county should have the privilege of levying such taxes as may be deemed best for good roads.

That town and city charters be

## SECRETARY DICKINSON IS OPPOSED TO "SNOBBERY"

**Issues Order That He Will Not Tolerate "Exclusive" Clubs at Army Posts.**

WASHINGTON, D. C., April 6.—The Democratic Secretary of War will not tolerate the "exclusive" clubs which have sprung up among the officers detailed at various army posts and barracks through the United States, and in an order, issued through the chief of staff, Gen. J. Franklin Bell, Mr. Dickinson has sounded the death knell of these organizations. The custom has grown up at a number of army posts throughout the country, but particularly in the Department of the East, of establishing exclusive clubs formed entirely of officers of a single organization, or of equal rank, equal wealth, or equal social position. For instance, at Fort Myer, where both cavalry and artillery are stationed, the officers of the former maintained a club and the officers of the artillery were held not eligible for membership. Those officers who worked their way up from the ranks and had not the good fortune to be appointed from West Point were seldom, if ever, taken into these "exclusive" clubs. Secretary Dickinson believes that the purpose of army clubs is to foster a feeling of comradeship between officers of all branches of the service, and believes that these particular kind of clubs have operated against this fundamental principle.

The tariff situation in the House of Representatives shows little or no improvement and efforts made recently to obtain some unanimity of sentiment only revealed wider disaffection than has been apparent heretofore. At a conference at the White House between the President and the House leaders, it was suggested to Mr. Taft by the latter that in view of the disaffection in the Republican ranks, he could assist them greatly by reasoning with recalcitrant Republicans who place their individual fortunes above the interest of their party and who refuse, in some instances, to vote for a rule or to enter a party caucus. The President declined to commit himself and repeated what he has said in the past about the Congress taking care of its own troubles.

Many of the State delegations have held meetings with a view to formulating specific demands, but so far as affecting any unanimity of sentiment is concerned the caucuses seem to have been a failure.

The White House cow, or, as she is facetiously styled by one of the policemen on duty about the Executive grounds, "The First Cow in the Land," is receiving a full share of the atten-

tion bestowed upon the new administration. The cow is certainly an innovation and has been purchased by Mrs. Taft in order that the President's family may be provided with milk strictly sanitary under all conditions. Hygienic conditions will receive the most scrupulous consideration at the White House and Mrs. Taft believes that pure milk is one of the first and most important essentials.

The leaders in the House of Representatives have decided to amend the Payne bill by increasing materially the authorization of Panama Canal bonds and providing for a sinking fund to pay these bonds at maturity. The Secretary of the Treasury believes he can dispose of a larger issue to greater advantage than he could the issue of \$40,000,000 authorized by the bill as reported, and the first step will be taken on his recommendation. Secretary McVeagh has suggested to the leaders, also, that he be given authority to defray the expenses of the canal from the general revenues as long as he deems desirable, but that he be empowered to sell the larger issue whenever he finds conditions for such sale most favorable. The sinking fund provision will set apart a portion of the receipts of the canal as a fund to redeem the issue. One object in taking this step so early is to check the agitation in favor of making passage through the canal free. The claim is made that this agitation emanates from those interests which have always opposed the canal, and which, now that its completion is assured, seek to make it as unpopular as possible by making it a heavy expense with no compensating return, to the Government. While the Panama Canal will cost in the neighborhood of \$400,000,000, it is believed that it will yield a very large percentage on the investment, if proper tonnage is charged, and the leaders of the House desire to insure the devotion of that income to the payment of the bonds which the construction of the canal makes necessary.

A bill has been introduced in Congress, by Representative Weeks of Massachusetts, providing that officers of the navy retired for disabilities arising from service, shall have for active duty the rank, pay and allowances of officers of the active list of like length of active service. If actively employed for an aggregate period of three years after retirement they shall, after detachment from duty, have the rank and highest retired pay of their grade.

## Position Gone, Man Puts Bullet in Brain

MAÇON, April 6.—Capt. W. S. Tyson, who was up to April 1 State warden at the plant of the Stevens Sons Company, this city, committed suicide yesterday afternoon by firing a shot from a 38- calibre revolver into his temple, at his home on Elm street. He was in his room alone and the pistol's report brought members of the family who found him dying. He was 55 years of age and well known throughout the community. He had followed the business he was in for a quarter of a century and because he failed to get a place when his own position was destroyed in

the removal of the convicts to the counties he was despondent. He had suffered ill health a long time in addition to this.

Yesterday he paid his dues in a local burial association and went immediately to his home where he ended his life.

He is survived by a family. Coroner T. E. Young held an inquest at which the verdict was that death came from suicide.

## New York to Have Largest Apartment House in World

NEW YORK, April 6.—On the upper west side of Manhattan Island is arising what is to be, when completed, the largest apartment house in the world. It is called the Belmont and it covers the block between Broadway, Eighty-eighth street, Amsterdam avenue and Eighty-ninth street. Altogether, one hundred and seventy-six separate and distinct homes will be included under the one roof. These will contain from seven to eleven rooms each, besides servants' rooms.

The centre of the block will be devoted to an open court containing 22,000 square feet—231 feet long and 94 feet broad. Into this space there will be driveways and paths from the streets, and at each corner of the court an entrance to the building itself. From Eighty-seventh street a

gradient driveway will lead down to a sub-surface court, underneath the main one, and here all merchandise and supplies for the tenants must be delivered.

This building is to be a model of fireproof construction. Hundreds of thousands of square feet of hollow terra cotta blocks have been ordered to protect the steel frame. The terra cotta tile, which will also be used for all floors and partitions, was subject to a heat of 2200 degrees Fahrenheit in the process of manufacture, so that it is proof against the hottest blaze. Thus, if a fire should break out, it could not spread beyond the room where it started.

The apartment house will have its own plants for refrigeration and electric lighting. It may have a roof garden.

# THE "TRADES EXTRAVAGANZA."

A Splendid Recommendation from  
The Cordele (Ga.) Dispatch.

The following from The Cordele  
Dispatch of Cordele, Ga., is but one  
of scores of similar clippings Mrs.  
Hollibaugh has in her possession, that  
the press have given in different parts  
of the country, and since this beauti-  
ful and trade-benefiting entertain-  
ment will be given in the New Baird  
Theatre on the night of Wednesday,  
April 14th, this article will be of in-  
terest to the nearly half hundred of  
Gainesville's progressive firms that  
are to be advertised, and the Woman's  
Guild are fortunate in securing such  
a novel as well as artistic production:

"On last Tuesday evening at the  
opera house the young ladies of the  
town, under the direction of Mrs. Hol-  
libaugh and under the auspices of the  
local chapter of the U. D. C., gave  
one of the most extravagant and one of  
the most interesting performances  
which Cordele has ever known.

"It was sparkling and unique from  
beginning to end. Every number was  
catchy and yielded some unexpected  
point of amusement and delight. The  
whole thing was a departure from the  
ordinary, and how well the novelty of  
the thing appealed to the public  
sentiment was attested by a house  
crowded even to unavailable standing  
room.

"Expectation was high and almost  
tense, and that it was not disappoint-  
ed was demonstrated by the frequent  
and hearty applause.

"It is very seldom that human eyes  
are greeted by a fairer scene of youth  
and splendor than that which present-  
ed itself as the curtain rose on the  
grand march. Beauty seemed to con-  
centrate itself there in such luxuriant  
profusion of handsome women and  
fair maidens that the audience could  
but sit spellbound, hard to realize that  
it was Cordele's—all her own.

"Each firm was represented by a  
girl wearing a shield with the name of  
the firm thereon. Each costume  
was appropriately decorated in gor-  
geous suggestive trimmings. Each  
jingle and each song was suited to  
the spirit of the advertisement.

"The tableaux were elaborate and  
splendid, bringing out many unique  
and novel features of the plan of the  
entertainment.

"To say the whole thing was a suc-  
cess does not begin to tell the delight  
and enthusiasm of the audience. The  
capacity of the house was reached  
and another performance was given  
on Wednesday night in order to give  
everybody in Cordele an opportunity  
of seeing the performance that one  
cannot see often."

Mr. F. G. Fritts, Oneonta, N. Y.,  
writes: "My little girl was greatly  
benefitted by taking Foley's Orino  
Laxative, and I think it is the best  
remedy for constipation and liver  
trouble." Foley's Orino Laxative is  
best for women and children, as it  
is mild, pleasant and effective, and is  
a splendid spring medicine, as it  
cleanses the system and clears the  
complexion. J. W. McCollum & Co.

# Answer This Question

When a remedy has lived for over thirty years, steadily  
growing in popularity and influence, and thousands upon  
thousands of women declare they owe their very lives to it,  
is it not reasonable to believe that it is an article of great  
merit?

We challenge the world to show any other one remedy  
for a special class of disease which has attained such an  
enormous demand and maintained it for so many years as  
has **Lydia E. Pinkham's Vegetable Compound**, the famous  
woman's remedy for woman's ills. Unless it is a very good  
medicine and the claims made for it are honest, such a record  
would have been impossible—fraud or misrepresentations  
would long ago have been detected and the business gone  
into oblivion. Read this unsolicited letter:—

Melbourne, Iowa:—"I suffered for many years with female  
troubles, inflammation, and bearing-down pains, so that I was  
unable to do my work.

"Lydia E. Pinkham's Vegetable Compound was recommended,  
and I am so thankful for the great good it has done me. I feel  
that I am a living advertisement for this medicine as I have  
influenced so many of my friends to use it, so thankful am I  
that it restored me to health."—Mrs. Clara Watermann, R. D. 1,  
Melbourne, Iowa.

When a woman like Mrs. Watermann is generous enough  
to write such a letter as the above for publication, she  
should at least be given credit for a sincere desire to help  
other suffering women. For we assure you there is no  
other reason why she should court such publicity.

We say it in all sincerity and friendship—try this medicine.

For 30 years Lydia E. Pinkham's Vegetable  
Compound has been the standard remedy for  
female ills. No sick woman does justice to  
herself who will not try this famous medicine.  
Made exclusively from roots and herbs, and  
has thousands of cures to its credit.

Mrs. Pinkham invites all sick women  
to write her for advice. She has  
guided thousands to health free of charge.

## GREAT BALL GAME THIS AFTERNOON

GOOD LINE-UP FOR BOTH TEAMS  
AND CLOSE GAME EXPECTED.

This Is Second of Series That Will  
Be Played Among the  
Home Clubs.

Interest is waxing warm in the baseball contest scheduled for this afternoon between the Oak Halls and the University.

The friendly rivalry that is existing between them is sufficiently strong that each side will try and carry off the honors, and it is earnestly hoped that a large crowd will put in their appearance at the park.

Following is the line-up for the two teams: Oak Halls—Cragin, c; R. Thomas, p; D. Bowers, 1b; Lee Graham, 2b; Sandy Graham, ss; J. S. Shands, 3b; Harry Denton, lf; B. Dell, rf; Clark, cf.

University—Moody, c; E. Taylor, p; Hunter, 1b; Price, 2b; Bouis, ss; Haughton, 3b; Bamberg, lf; W. A. Shands, rf; G. Taylor, cf.

The last contest between these two clubs resulted in a score of 7 to 8 in favor of the former, and it shows that they are pretty evenly matched, but with the hard practice that has been put in by the boys for the past several days a much smaller score is expected this afternoon.

## MEN BOUND OVER FOR SPRING TERM COURT

HELD UNDER \$1,500 BAIL FOR  
APPEARANCE AT NEXT TERM.

One of Defendants Let Off With  
Small Bond, Which Will Be  
Given Soon.

In the preliminary hearing before Commissioner Cushman Wednesday afternoon at the court house three of the defendants were held under the charge of counterfeiting and placed under bail for their appearance at the next term of court, which convenes here in May.

The charge against Jesse Knighton was sustained according to the evidence and he will be required to give a \$1,500 bond or remain in jail until May. His brother, Simeon, was also held in the same amount.

Joe Hodge was let off with a small bond of \$250 and this will probably be given within the next few days.

In the charge against Mason Warren, the evidence was insufficient in the Commissioner's opinion to hold the man, and he was discharged.

The next session of U. S. court will convene in May, about the time that the regular spring term of circuit court will be in session.

District Attorney Cullerly was here to look after the interests of the Government in the hearing.

Mothers, don't attempt to raise children without White's Cream Vermifuge. Price 25 cents. Sold by W. M. Johnson.

### Strange Experience for Boys.

The appearance in this city of "Boys' Boys" Concert Company to-night recalls the interesting fact that the experiences of these musical chorists is strangely fascinating and interesting. From the executive building at Washington, where they received the enthusiastic admiration of President and Mrs. Roosevelt, and their five hundred invited guests at the new historic Christmas Concert, given by them at the White House, to the gleaming prison cells in the great confederates, is a wide gulf, yet their prison audience are no less critical and appreciative than those at the Nation's Capital.

### Best Treatment for Colds.

"Most ordinary colds will yield to the simplest treatment," says The Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by all druggists.

not surprising that the leaders  
of the House are disturbed over the  
bill. They have brought in a  
protection measure, one in which  
the valorem rate is one and one-  
cent higher than in the Ding-  
ley bill. They realize that the only  
way of getting the bill passed with-  
out a reduction is to secure the  
assent of a rule which will deprive  
members of a chance to vote—  
they are gradually coming to  
realize that if they compel the mem-

be heavy losses in the Republican  
ranks of the next Congress.

tlement is tried.

## NO CHAINS ON GEORGIA WOMEN.

The whole State will applaud the  
action of the State prison commis-  
sion in issuing its recent order that  
henceforth no women shall be placed  
in shackles in Georgia, says The At-  
lanta Journal.

This order which was promptly ap-  
proved by the Governor, and was  
made immediately operative, applies  
to felony and misdemeanor convicts  
alike, wherever they may be and un-  
der whatever circumstances they may  
be worked.

An adequate guard must be provid-  
ed to prevent escape, but it is no longer  
to be said that the civilization, not  
to say the chivalry, of the State is to  
be put to shame by the spectacle of a  
woman in shackles.

This comes as a fitting incident of  
the new era which is about to open up  
in the convict system of the State. It  
is difficult to see what circumstances  
could ever justify the placing of  
shackles on a woman, whatever they  
have been her crime. The idea of her  
opposing physical resistance to those  
who are charged with the duty of  
guarding her would be ludicrous, nor  
is it reasonable to suppose that under  
any ordinary circumstances she would  
be able to effect her escape. The  
shackles simply become a useless  
mark of degradation, and yet, after  
all, they mark a still greater degrada-  
tion on the part of those who are re-  
sponsible for such instructions.

It is only too true that there are  
women in the world who disgrace  
their sex and yet for the sake of  
womanhood in general the delinquents  
should be spared the stigma of wear-  
ing manacles, and the people of Geor-  
gia give their unqualified approval to  
this recent order.

## ADEQUATE PUNISHMENT NEEDED

Everyone must rejoice with Mr.  
and Mrs. Whitla in the safe recovery  
of their boy who was kidnapped. The  
crime of stealing and holding chil-  
dren for a ransom is one of the most  
dastardly anyone can commit. The  
anguish of mind, the terrible suspense  
and the fears of the parents may well  
be imagined even though not realized  
by the public. The case of Charlie  
Ross comes vividly to mind and the  
fate of that poor, unfortunate boy  
must add to the anguish of any father  
and mother whose child is stolen from  
them. So heinous is the crime that  
it deserves the severest punishment,  
and in one or two States death or  
other severe penalty is imposed. The  
kidnapping of the Whitla child has al-  
ready led to other States passing laws  
to adequately punish the offence.

It is a misfortune that it seemed  
necessary to pay a heavy ransom to  
attain the recovery of the boy and  
some are disposed to think that too  
much haste was shown, that the au-  
thorities should have been allowed  
more time to hunt for the criminals  
before any ransom was paid. Doubt-  
less the paying of a large sum in such  
cases is a premium on crime, but al-  
lowance has to be made always for  
the feelings of the parents. When the  
fate of their child is concerned it is  
not to be expected they will give  
much thought to other things. For-  
tunately in the Whitla case the speedy  
arrest of the criminals following the  
payment of the ransom, especially if  
it is followed with speedy and heavy  
punishment, will go a long way to dis-  
courage any prospective kidnapper.

So many flattering notices have ap-  
peared in the press of the State con-  
cerning the mid-winter edition of The  
Fort Myers Press that we cannot re-  
frain from asking Editors Ruhl and  
Stout to send up a copy. For some  
reason The Sun failed to receive one.

## Deafness Cannot Be Cured

By local applications, as they can-  
not reach the diseased portion of the  
ear. There is only one way to cure  
deafness, and that is by constitutional  
remedies. Deafness is caused by an  
inflamed condition of the mucous lin-  
ing of the Eustachian Tube. When  
this tube is inflamed you have a  
rumbling sound or imperfect hearing,  
and when it is entirely closed, deaf-  
ness is the result, and unless the in-  
flammation can be taken out and the  
tube restored to its normal condition  
hearing will be destroyed forever.  
Nine cases out of ten are caused by  
catarrh, which is nothing but an in-  
flamed condition of the mucous  
surfaces.

We will give One Hundred Dollars  
for any case of deafness (caused by  
catarrh) that cannot be cured by  
Hall's Catarrh Cure. Send for cir-  
culars, free.

## CURRENT COMMENT.

The Richmond News-Leader says:  
"Bishop Doane wants divorced persons  
socially ostracized. There are cases  
where divorce is justifiable, and in  
which Bishop Doane's suggested pen-  
alty would be unjustifiable, but if the  
line could be drawn such social policy  
would commend itself, and doubtless  
do much to check the divorce evil."

The Hartford Times (Dem.) says:  
"It is certainly an open question in  
Washington whether the Dingley tar-  
iff, as it stands, is not a better law for  
the country than the proposed revis-  
ion. Present prospects are that the  
Payne bill cannot pass the House  
without having most of the revision  
knocked out of it. The Republican  
party is pledged to pass some sort of  
a revision measure, but if the House  
fails to pass any bill the Senate can  
take no action whatever. It may  
presently appear that Mr. Roosevelt  
showed genuine shrewdness in stav-  
ing off the question of tariff revision  
until after the close of his administra-  
tion."

Every conquest of man over the dif-  
ficulties which nature presents and  
every addition to our knowledge  
which such conquest brings is cause  
for rejoicing. It is this fact and the  
admiration for enterprise and courage  
which leads people to follow with such  
deep interest every attempt to reach  
the poles. Naturally, because of liv-  
ing in the Northern hemisphere, and  
also because of the more frequent at-  
tempts to reach the North Pole, the  
interest of people has been mainly  
centered upon Arctic expeditions. But  
the Antarctic voyages of discovery  
have also received their meed of at-  
tention, and the recent remarkable  
success of Lieut. Shackleton of the  
British expedition in getting within  
111 miles of the South pole is viewed  
with general satisfaction, and he and  
his men deserve abundant honor and  
credit for what they have achieved.  
It is not likely that any commercial  
value will result from it or any other  
similar expedition, but the scientific  
value is great and then, too, it is  
gratifying that the secrets of the  
polar regions are gradually disclosed.

A tax of 2 per cent on the dividends  
of all corporations might meet with  
general approval, but if President  
Taft imagines such a tax will ever be  
imposed by the stockholding members  
of the Senate it is time he woke up.

## CAMPVILLE BRICK CO'S. PLANT IS DESTROYED

FIRE WAS TOO FAR ADVANCED  
WHEN DISCOVERED.

Loss Will Easily Reach \$10,000 With  
No Insurance—To Be Rebuilt  
at Once.

The Campville Brick Company's plant, located at Campville, was totally destroyed by fire Monday morning, the loss being estimated at about \$10,000, with no insurance.

The principal stock in this concern was owned by J. A. Maultsby, and it is understood that he will erect a larger and more up-to-date plant to take care of his business. Mr. Maultsby states that he hopes to be ready to begin operations within the next sixty days, as he has a large number of brick contracted for which he desires to deliver as soon as possible.

The plant destroyed was one of the largest and most complete in the State, but a large part of the machinery was old and only parts of it had been replenished.

With the order for the new plant, which has already been placed, everything will be of the very latest design and the capacity of the plant will be increased to meet the increased demands of the business.

Mr. Maultsby expects to be running on full time within the next sixty days and a large force of men will be put to work clearing away the debris and making ready for the placing of the new machinery upon its arrival.

The origin of the fire is a mystery. No one knew of the fire until nearly the entire plant had been consumed, but it is supposed to have caught from one of the many kilns that were burning, a process the brick have to undergo before being ready for delivery.

Columbia county is to have a wet and dry election on May 3rd. If Columbia's experience with prohibition has been as satisfactory as Bradford's the county will remain in the dry column. The matter is rarely discussed here.—Starke Telegraph.

The Government has tried the artificial propagation of sponges at Tarpon Springs successfully. Disks of stone are used with small bits of sponge fastened on by aluminum wires which will resist the attacks of the water, and nature does the rest.

### STATE NEWS

### A Practical Farmer.

John Carter of Fairfield was in the city yesterday. He is one of those who "struck it right" the present season, as he had some cabbage and has an abundance of melons and 'lopes which will be among the earliest shipped from that section. His beans are very promising and with good seasons he will be one of the most extensive shippers of the season. Mr. Carter was formerly engaged in railroading and by his clever knack he has shown himself to be a good farmer as well.

### Objects to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by all druggists.

### Pine Grove Picnic.

## A HARD STRUGGLE

Many a Gainesville Citizen Finds the Struggle Hard.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Gainesville people endorse this claim:

Mrs. Eliza Ratherree, 201 W. McCormick street, Gainesville, Fla., says: "For years I suffered from dragging pains in my back, often so severely that I could not move. The secretions from my kidneys were also irregular in passage and caused me further annoyance. Any cold I contracted aggravated my trouble and at such times I was in misery. A friend finally advised me to try Doan's Kidney Pills and I did so. The first few doses gave me relief and when I had taken the contents of one box, the pains disappeared and my kidneys became normal. Doan's Kidney Pills cured me and I am glad to give them the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## TELEPHONE TALKS

### The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

## UNIFORM TEXT BOOKS FOR COUNTY SCHOOLS

### SCHOOL BOARD SELECT LIST OF BOOKS TUESDAY.

By the Change it is Asserted That  
Hundreds of Dollars Will Be  
Saved the People.

At the meeting of the Board of Public Instruction, held Tuesday, a system of uniformity as regards text books for the schools of Alachua county was adopted.

In spellers the county secures two books, Hunt's Progressive Speller, Parts I and II, at 12 cents each. The three former books in use cost 55 cents. The two books adopted cost only 24 cents, less than half the price of the books formerly used.

In readers the books adopted are at the same prices as prevail in State uniformity States. The first reader, retailing in two forms, cloth edition at 25 cents, or in board edition at 15 cents, giving the patrons the choice of either edition. The same reduction obtains in all the other grades of readers, the prices being reduced.

Field's History, in special edition, was adopted at 65 cents. The former price was \$1 for the regular edition.

Milne's Arithmetic in special edition at 45 cents is to be used instead of the edition sold at 65 cents. These books are identical in subject matter and 20 cents will be saved on each book published. In geographies Redway's was adopted in the regular edition. Smith's primary arithmetic and Hyde's grammar also in the regular edition.

Quite a number of companies were represented and the books were adopted from American Book Co., Ginn & Co., D. C. Heath & Co., Allyn & Bacon and the McMillan Co.

#### Rheumatism.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than useless in cases of chronic and muscular rheumatism. For sale by all druggists.

#### GOSPEL DRAWS CROWDS.

**Congregations Large and Interest Growing at Each Meeting.**

Perhaps the most appreciated sermon of the great services now being delivered in this city were those given yesterday by Dr. Martin. The quiet talk at the church in the afternoon was one of the finest expositions of the text used ever heard in this city. While there were many counter attractions in the city last night the church-going people complimented the speaker by giving him a representative crowd.

The fervor, logic and pathos of the services deepen with each succeeding one, and nothing but lasting good can come of them. This is the first evangelic meeting in years, and so far as we know, the only one this city has ever had which is free from the sensational and appeals only to the reason of men.

The chorus which has been formed by Mr. Schofield at the Tabernacle is making some of the finest music ever heard in the city, while the solos and duets by Mr. and Mrs. Schofield charm everyone who hear them. Everyone should hear these great Bible sermons and beautiful songs. It is the earnest wish of Pastor Rogers that the entire city shall feel the force of these great services.
